## Tech Tutor

Instructors will be available at other Scranton Library locations to help with your device. Bring your questions along with your laptop/tablet/phone and receive help at the following library branches:

### Library Express (2-4PM)

August 25  
September 8  
September 19

### Nancy Kay Holmes Branch (2-4PM)

August 31  
September 12  
September 22

### Reference Department Albright Memorial Library(2-4PM)

August 21  
September 5  
September 26

**Please take a moment and complete the survey on the back page of this brochure. Completed surveys can be left at the computer lab.**

## Introductory Classes

### Intro to Computers

A look at computer history, how to operate Windows 10, modern computer components, file management, creating shortcuts, and basic computer buying advice.

### Resume & Job Search

This class is a discussion of cover letters, resumes, the interview process and advice on searching for jobs.

## Internet Resource Classes

### Google Services

Gmail, Drive, Docs, Sheets, Maps and more will be discussed in this class about the various free services Google offers.

### Internet Safety

Viruses, trojans, spyware, phishing, and spam are covered in this class all about keeping you and your information safe online.

### Facebook 101

How to setup a Facebook account, set privacy settings, post comments, create events, and more will be covered.

### What's the Cloud?

This class discusses what exactly is meant by the cloud and some popular cloud services such as iCloud, DropBox, and Google Drive.

### Online Selling

This class is an introduction to eBay and online selling. Topics will include creating listings, uploading pictures, Buy it Now versus standard auctions, shipping charges, and PayPal.

## Specialty Classes

### Premiere

This class is an introduction to Adobe Premiere video editing software. Participants will learn the basics of Adobe Premiere while using MacBook Pros.

### 3D Printing

This class is a chance to ask questions about 3D printing and practice with TinkerCAD, a free online software that allows anyone to create 3D printable objects.

## Microsoft Office Classes

### Word 2013 (3 Sessions)

Students will explore the various components of the Microsoft Office Word 2013 environment, create documents, edit documents, format text/paragraphs, and add graphic elements to a document.

**Prerequisite:** Basic computer knowledge and experience with the keyboard/mouse

### Beginner Excel 2013 (3 Sessions)

Students will learn to create basic worksheets and workbooks, modify and format worksheets, use calculations, create their own formulas, customize worksheet and workbook layouts, and print workbook contents.

**Prerequisite:** Basic computer knowledge and experience with the keyboard/mouse

### PowerPoint 2013(2 Sessions)

Students will learn to customize the PowerPoint environment, add diagrams to presentations, add special effects to a PowerPoint presentation, and use the various options to customize slide shows.

**Prerequisite:** Beginner Word

### Intermediate Excel 2013 (3 Sessions)

Students will learn to edit and format multiple worksheets, grouping worksheets for editing, constructing formulas on a grouped worksheet, constructing formulas that refer to cells in another worksheet, concatenate, and inserting sparklines.

**Prerequisite:** Beginner Excel

### Excel 2013 Pivot Tables & More(2 Sessions)

Students will learn to create and use pivot tables/charts, if functions, v lookup, goal seek, circular references, and working with ranges.

**Prerequisite:** Intermediate Excel

### Excel 2013 V Lookup(1 Session)

Students will learn to create and use V Lookup and other associated functions.

### Publisher(2 Sessions)

Students will learn how to create high quality brochures and other documents with Microsoft Publisher.

**Prerequisite:** Beginner Word

### Excel Hacks(1 Session)

Microsoft Excel users use only a small percentage of what the application is capable of. Hidden within Excel are loads of lesser known Excel Productivity Hacks that will make your Excel experience more efficient and fun.

**Prerequisite:** Beginner Excel

*Pre-registration is required, to reserve your seat:*

**Call: 570-348-3000 ext. 3038 or Email: [complab@albright.org](mailto:complab@albright.org)**

## Drop-In Help Sessions

(Arrive any time during these sessions, no registration required)

### Tablet Tutor

Bring your phone or tablet to get help installing apps, downloading ebooks/audio books, setting up email, installing updates, and more.

### Laptop Help

Bring your laptop and join us in the computer lab to get help with the device you use every day.

### Open lab

Open lab time where you may come in to use a computer or get help with any computer topic. You may also bring in your own device (laptop, phone, tablet). An instructor is available for help during every open lab.

## Student Classes

### Photo Editing Basics

Students will learn how to do a different editing function during each class. The software used is a free download that can be installed and practiced at home.

### MineCraft Mania

Love MineCraft? Join fellow fans as we compete in building challenges in MineCraft in the library's computer lab! We use MineCraft Realms so that you can come back to your projects during another session.

### Lego Robotics

Work in a team to design, build and program a LEGO Robot! For kids and teens ages 11 to 18. Must be able to read independently.

*Pre-registration is required, to reserve your seat:*
