

# Fall Programs at the North Pocono Public Library

## Music and Movement – Mondays 10:00AM – 10:30AM

Children come together for a half hour of rhythmic songs and parachute play. This program is beneficial for childhood development and socializing children. Recommended for children ages 2-5

## Preschool Story Time – Tuesdays 11:00AM

Preschool aged children listen to stories and make a takeaway craft to bring home.

## Toddler Time – Fridays 10:00AM – 10:30AM

Listen to stories and songs that they can sing and dance along with. Toddler time is recommended for children ages 2-5.

## STEM Saturdays – Third Saturday of the month 11:00AM

STEM Saturdays are recommended for children ages 6-12. Do a fun science experiment and a variety of other science related activities! Registration is required for STEM Saturdays!

## New this fall!

### Crazy 8s Math Club – Saturdays at noon starting in October

A recreational after-school math club that seeks to help children enjoy the math behind their favorite activities. The club exposes children to fun and engaging activities, like building glow-in-the-dark structures, cracking secret spy codes, and playing games like Toilet Paper Olympics. For kids in grades 3 – 5. Registration is required!
