

HOW TO MAKE PLAYDOUGH

Playdough ingredients:

- 2 cups flour
- 3/4 cup salt
- 4 teaspoons cream of tartar
- 2 cups lukewarm water
- 2 Tablespoons of vegetable oil (coconut oil works too)
- Food coloring, optional
- Quart sized bags

Stir together the flour, salt and cream of tartar in a large pot. Next add the water and oil. If you're only making one color, add in the the color now as well. Cook over medium heat, stirring constantly. Continue stirring until the dough has thickened and begins to form into a ball. Remove from heat and then place inside a gallon sized bag or onto wax paper. Allow to cool slightly and then knead until smooth. If you're adding colors after, divide the dough into balls (for how many colors you want) and then add the dough into the quart sized bags. Start with about 5 drops of color and add more to brighten it. Knead the dough, while inside the bag so it doesn't stain your hands. Once it's all mixed together you're ready to PLAY.

Store the play dough inside the bags once done to keep soft. Keeps for up to 3 months.

GLITTER BOTTLES

1 small plastic bottle

3 TBLS glitter glue

1 TBLS glitter

2 heaping TBLS clear gel glue

Warm water to fill

Add the glitter to the bottle. Add the clear glue. Then add the glitter glue. Once all the ingredients are in, seal the caps with a hot glue gun or duct tape. Then it's time to shake the bottles. At first, everything will clump together, but keep shaking and shaking the ingredients until they spread out.
